Accurate Information,

Wilson & Co., Stockbrokers and Bankers, at No. 1206 G Street, have with wonderful accuracy foresold the fluctuations in stocks during the past two weeks. For next week we have made a careful study and have obtained another batch of good information regarding what the market will do. They have a direct New York wire and trade in fractional lots.

business for forty years and bears a rep-utation for uprightness and honesty. Mr. Basr carries a full line of new and second-

Like Living at Home.

is no way of finding accommodations which we all wish and really require like those effected by a domestic hotel. Among this class of hotels in Washington the Elsmere is easily the leader. Located in an ideal neighborhood, in H Street near Fourteenth, and patronized by the best people of the land, this house has rapidly grown in popular favor since its inception.

To add to the other charming features presented. Thursday musicales has been inaugurated. and has proven decidedly popular. Last evening a reception in honor of the Chi-nese Minister was the special occasion. These entertainments, combined with the pleasant surroundings, make ere an ideal place in which to live

Tests That Never Fail.

you GUESS, at the glasses you require, but gives your eyes a thorough, scientific examination, so that the correction will rave the physical condition of the eye, as well as restore the night.

Our Leading Cafe.

Anyholty can spend money, and imagine they are having a real royal time. It takes a commonseur to spend it along the proser lines, and know just how to enjoy it. I know of no place in the city of Washington where one can "get his money's worth" to more advantage than at The Rochelle Cafe, 417 Eleventh Street. proper lines, and know just how to enjoy it. I know of no place in the cit; of Washington where one can "get his mioney's worth" to more advantage than at The Rochelle Cafe, 417 Eleventh Street.

Manager Hough has thoughtfully provided every comfort and convenience for the benefit of his guests. The Buffet is replete with hunors and wines of the highest grade, the

An Interesting Treatment.

Science has progressed so rapidly and so widely during the past century that it is really puzzling to the mind to even wonder or conjecture what it will accomplish during the next hundred years. A few days ago I was shown through the offices and consultation rooms of the Kretol Medical

consult with any one and explain, gratis, the nature of your ailments and describe the nature of your ailments and describe the fundamental principles of this wander ful treatment.

Machines for All. Anyone who is in need of a sewing mu

chine should not full to call at the store of Mr. Lea's Baar, 92; F Street. Mr. Baar bandles a full line of machines, including the White, Singer, New Home etc. He also has a rental and repair de partment, both being conducted judicious by correctly, and by competent hands.

Remarkable Success.

On account of the very marked success which has attended their recent ten-day sale. The German Optical Institute, at 412 Seventh Street, will for the next week continue their special sale of German Silicate Glasses at the very reasonable price of One Bollar per pair. This offer is made solely for the purpose of introducing these won-derfully successful glasses to the Washington public, and is an exceptional opportu nity to secure glasses which are made by the most scientific process known to mod-ern times, and which are fitted to the eye by specialists who have graduated from fa mons colleges and have had years of ex-perience isoth in this country and Germany The price is ridiculously low when we con sider the fact that a thorough examination is required to find out the exact glass one needs. However, no charge is made for the examination, and in no instance is any advised to wear glasses unions absu

lurely in need of them,
If your eyes need treatment, don't fail to call at the German Optical Institute be ing a purchase

Power of High Explosives

Power of High Explosives.

(From Ambieton's Popular Science Manthy.)

There is a statespared intemprehension in regard to the declarability effect by those high explosives, for every unconfined the effect even of large energies of them upon structure is compared by high. At the Naval Ordinance Proving Ground, a bug ago as 1884, repeated charges of dynamics, arriving from the panule to one hundred pounds in weight, we defounted in the face of a westlest longer (considing of eleven one-tich wrongs), from the pounds in weight, we defounted in the face of a westlest theory to considing of eleven one-tich wrongs), from the pounds of devendite had been as descented in cortact with it, and yet the target remained prostlessly outsigned; while at Becambonton the electrical capturing of fifty-fire tons of blanding grintin, which was stored in railway with a position of the one of soft earth.

This last may seem a terrible effect, but for terriors.

when that 20,000 tons of soft earlie. This has now seem a terrible effect, but it means at most many as a consideration of the majorial of explosive involved was encouraged that it majorials we compare it with the action opposites when conducted it is friend becomes quite bookerse. Then at Fort Lee, on the Hudam, to applicate of dynamics placed in a chamber in its ponderate. There at Fort Lee, on the Heiden, but top tons of dynamite placed in a chamber in the good and tamped benegit down 100,000 tons of rock, at Lamberia. Wales, two tons and a half of griat of dynamic similarly placed three out 183,000 tone of rock, and at the Talcen Mayer, in Wales, aver tons of garpowder, placed it two chambers in the rock, distinged from 125,000 to 150,000 tons of rock. We might cite many such examples, but no comparing these we find that the graphocaler confined in the interior of the Talcen Mayer was over forty-two times as efficient as the explaints griding on the surface at Basemberies, while the dynamic at Fort Lee was one offern these.

A Reply to Huskin. (I'ven the Indianapolis News.)

Given the Indicaspoin News.)

John Ruckin was a fewless critic, and made roary canonies by his radical views. He never canodesed the man or the friend in his criticisms. It was the work likely that concerned him. He were criticismed in his fearless way, the work of a well-known painter, who was much grieved at the effect. On hearing of the sorrow he had caused he would not to the artist that he repretted he cannot see upon more two orbits of the picture, but hoped it would make no difference in their friendeding. It is said the artist wrote in reply: "Does fination Next time I meet you I shall heaved your down, but I hope it will make as difference in our hierarchy."

INTERVIEWS AND INCIDENTS.

An unusual incident happened on one of the Georgetown street car lines the other sassengers. Among them was an aged tunate enough to secure seats. A woman, whose hair was plentifully sprinkled with silver, arose and, touching the sged newcomer lightly upon the arm, polited to your service. Telephone her vacated place. With manly courtesy, the old gentleman began to protest, although obviously weak, but the accommodating woman insisted and he finally dropped into the surrendered seat with a sigh that indicated exhaustion. The self-sacrificing woman bravely secured a strap and as she did so there was a murmur throughout the car more significant than the deafening applause at a theatre.

nothers-in-law, servants' mishaps, car Any lady who needs a sewing machine cannot do better than go to Mr. Lewis
Baar, 227 P Street. He has been in this people in the newspapers every day," said an old eigar merchant in conversation with a coterie of customers a day or two ago, hand machines of all kinds. He also has a perfectly equipped department for re-pairing. "but the mountebank fraud of all jokes, in my opinion, is that of the wife who gives her husband for a Christmas gift, or a birthday gift or any other old gift a bax of cigars that the bushand wants to take a whift of and then throw away. That joke

add to the other charming features pre-mited by the management for the enter-imment of guests, a regular course of have in stock. This joke about fond wives purchasing smokite material at bargain counters as gifts for their husbands, sons, or brothers is a libel on the good sense of womankind. The fact of the matter is that some men who smoke a cheroot or a job lot cigar that not only violates the smoke law but warrants action on the vort of the law but warrants action on the part of the Board of Health do not appreciate it when Tests That Never Fall,

to bed and early to rise," I believe, cause of their long life."

"People who imagine that snuff taking is the Georgetown street car lines the other a lost art," said an old tobacconist to a day. At the corner of Fifteenth and F Times reporter, "are very much mistaken. Streets the car was stopped to take on passengers. Among them was an aged though the habit is particularly prevalent couple, the husband walking with apparent difficulty. The car was already crowded when they entered, nearly every strap having a man or woman clinging to it. The venerable man who had just gotten aboard with lagging steps and shoulders bent was about to lean against he white-haired spouse for support, when there was a stir of taken. spouse for support, when there was a stir of taking snuff has almost died out. It among the passengers who had been for-those sections it was used in a nasal way tunate enough to secure seats. A woman Kentuckians and Marylanders in the Rentockians and Marylanders in the olden time were great fovers of snuff. It was fashionable to use it, and an invitation to take a pinch was more of a compilment than to invite a man to the a glass of wine. Many adults can remember the big snuff box that always stood on the desk of the Secretary of the Senate. Many a statesman has created his nostrils from it to sa fine a pinch of snuff as from it to as fine a pinch of snull as potentates of old ever decamed of. I night remark here that it was neither considered polite nor gentlemanly to sneeze after taking spuff."

> "Tramps are artful specimens of buman kind," remarked a Representative from the South yesterday. "The holio who comes to Washington, I have discovered, is a nomad of wit and ingenuity. As a rule, be has the ability to reduce a heart of stone to such a state of softness that it might do for a schoolgirl. The tramp who visits the National Capital is only a diplomat in rags, and he is as persistent as a flying machine promoter. I am led to make these observations because of an incident in which I figured prominently yesterday. A centleman of the road who was much the worse for wear approached me in Pennsyl-vania Avenue with a bland smile on a countenance that proved him to be a con steady step that marked him as a genuine pedestrian. He asked me if I had eve suffered the agonies of an aching tooth I nodded and began to feel uncomfortable Boss, he exclaimed, the smile disappear-ing from his countenance. I am sufferin' from it now, I know where there is a dentist as will pull it cheap. Beln' financially embarrassed, I make so boid as to ask a loan for the purpose. I think I can get it extracted for a quarter. Fifty cents would be certain to relieve me of its unwelcome presence, and for fifty I might get the doctor to give me gas."
> "Not desiring to have his company

> through Capitol Park, I hurriedly gave him twenty-five cents, and breathed relicf when he saluted and left me. I fear he made a mistake, however, for he entered a place where no dentist's sign was dis-played. I suspect that a hurried diagnosis on his part proved that the aching tooth was really a burning thirst. At any rate the plca is a new one, and in my case i

"Washington people have for a time, al-"Washington people have for a time, almost beyond the memory of the oldest resident, been treated to a deluge of talk about the renaming of the streets in the city; but talk is cheap," was the remark of a citizen during a recent discussion of the future glories of the Capital City. Why it is only a matter of talk and not put into practice when it could so easily be done was a puzzle that neither he nor his appreciative audience could solve.

his appreciative audience could solve... Why the Capital City of the grandest nation under the face of the shiring sun should have its thoroughfares depend for their nomenclature upon any one of the twenty-six letters of the alphabet or in-elegant numbers has always been a sur-prise to me," he continued. "Possibly the fad originated in some sort of a kin dergarten notion of teaching infants their letters and figures. It is worthy of that construction, anyhow."

The discussion had about died out when one man said: "Well, of all the streets that need a change of name, my opinion is that Four-and-a-half Street takes the lead. Think of a Four-and-a-half Street, and just gaze at the grand expanse under that diabolical cognomen. It stretches from the City Hall to the Potomac. It is worth a name, and but for the lack of it would. I believe, have been an avenue Suppose it had been styled Continental Avenue, or Columbus Road, or Washington Boulevard, or Revolution Lane, or given any good, old out-and-out patriotic name. and planted with shade trees and fostered according to its deserts. As it is, suffering from the ridiculous appellation 'Four-and-a-half,' which brings a smile to the face of to become anything more than it something, should be significant; those in Washington are actually ab-

A motor-car conductor who has had his cles of the public has become particularly soured against passengers representing the fair sex, and in a burst of accumulated in-dignation yesterday expressed his views to a Times reporter. "The woman who to a Times reporter. The woman who will hurry when she ought to get a gait on. he ejaculated, "has never been a passenger of mine. Of course, it is all right for her to wait until the car stops; that's the rule; but the leisurely fashion with which were of the are get absorbed. with which most of the sex get aboard when I am late infuriates me. Talk about the patience of Job. I would give a week's salary to see him ringing up fares and guarding the public on a motor ca. I am

afraid be would lose his reputation.

"A woman waits for the car to come to a dead standatill. In the meantime, as has been attracted by a just too lovely hat worn by another woman half a square away, and she pauses to inspect it, noting its colors and just how it is made. She seems to be in a trance over that other woman's bonnet until I have to ask ber to step lively, please. Then she gathers her skirts and strolls the whole length of the train, trying to spy a wat. Some-times she will car fully examine every vacant seat until the discovers who is going to be touching elbows with her. When she thinks she has found one who will make a proper associate, she gets aboard, and if I start the car before she is comfortably settled she gives me a look that would freeze my marrow if I were

"There is another thing that makes me weary. When a woman is leaving a car in which there is some one with whom she is acquainted you will hear a conversa-tion like the following, notwithstanding the fact that I and all my passengers are in a hurry 'Good-by, Oh, yes, I will be there, You will be there, won't you? Yes, I have my lovely new dress all ready. Eight 6 clock, did you say? Yes, yes, indeed; yes to be sure. Tell Oscar, and don't for-get to come. Yes; I will now, you be sure. get to come. Yes; I will now, you be sure. Well, good-by. You can imagine how these things worry a man who has to sub-mit to them every day. That's what makes the cars late."

Scientific Safe "Cracking."

Scientific Safe "Cracking."

(From Appleton's Popular Science Monthly.)

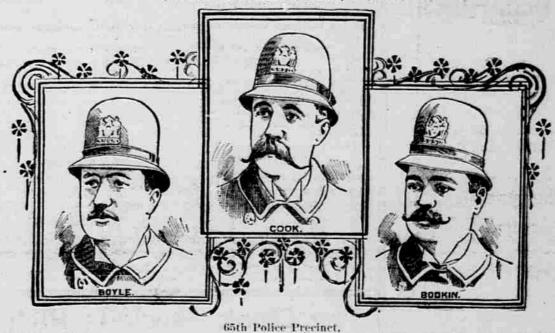

In the experiments made in a templarious way, among others, a \$1,000 square safe of the most appeared construction was atta-ked by inserting in the exceller about the locked door four and eight minutes after the operation of Inding was begun the charge was fired, with the result that the whole of tag junib below the door was leight minutes after the operation of Inding was begun the charge was fired, with the result that the whole of tag junib below the door was leight minutes and divisions of the Interior compartments were completely shuttered. On especing the operation with foils of once and a quarter of forrife dynamic the sloor was completely tong off. Among experiments made to demonstrate the resistance of structures to attack by a mode was one upon a safe twenty-nine inches cube, with scalar four inches and three-quarters theck, made up of places of iron and sleed, which were re-subored on each clips so as to make it highly resisting, not when a hollow charge of dynamic nine pounds and a half in weight and untamped was denonated on it a hole three inches in dispersor was blown clear through the wall, of the same material phoduced no material effect.

Test for Yourself the Wonderful Curative Properties of Swamp-Root.

To Prove What This Great Kidney Remedy Swamp-Root Will Do for YOU, Every Reader of The Times May Have a Sample Bottle Free.

Reporters Have Convincing Interviews With Prominent People in Greater New York Regarding Wonderful Cures

Greater New York, Nov. 11, 1899.

In instice to you, I feel it is my duty to send you an acknowledgement of the receipt of the sample bottle of Swamp-Root you so kindly sent me. I had been out of health for the past five years with kidney and bladder trouble. Had our best physicians prescribe for me. They would relieve me for the time being, but the old complaint would in a short time return again. I sent for a sample bottle of Swamp-Root, and I found it did me a world of good. Since then I have taken eight small bottle-bought at my drug store and I consider myself perfectly cared. I do not have to get up during the night to urinate as I formerly did, three or four times a night, but now sleep the sleep of peace. My back is all right again and in every way I am a new man. Two of my brother officers are still using Swamp-Root. They, like myself, cannot say too much in praise of it. It is a boon to mankind. We recommend it to all humanity who are suffering from kidney and bladder

My brother officers (whose signatures accompany this letter) as well as myself, thank you for the blessing you have brought to the human race in the compounding of Swamp-Root. We remain, Yours very truly, JAMES COOK.

Officers of the 65th Police Precinct, Greater New York,

HUGH E. BOYLE, JOHN J. BODKIN,

Received your sample bottle of Swamp-Root which you were good enough to send me. It helped me wonderfully. Have since taken two bottles purchased from my druggist. It seemed as if my back would break in two when I got up after stooping. I am now entirely cured and cheerfully recommend your medicine to anyone suffering from kidney disease. 12 Grand Street, New York City.

November 19, 1899. THEODORUS VAN WYCK, former Editor of the Mount Vernon News, and now one of the most prosperous real estate brokers in New York, 128 South Eleventh Avenue, Mount Vernon, N. Y.

To Whom It May Concern:

Dr. Kilmer & Co.,

I had been a sufferer for the past five years from severe attacks of rheumatism and kidney trouble, probably contracted by exposure on hunting expeditions and wading streams, tiled many remedies, the patent and other kind, but none of them seemed to do me any good. I was persuaded by an old and valued friend to try Swamp Root, and frankly confess that it has benefited me as no other medicine has. I now feel like myself again. I do not have the constant aches and pains which at one time seemed to make life unbearable. It is a positive benefit in allments of this kind. I always keep it in the house, as it is just as necessary as bread and butter.

His Own Physician Ordered It.

New York, Nov. 17, 1899.

To Whon It May Concern: I was all run down in health and spirits, from overwork on the Exchange floor. I developed nervous neuralgia and also suffered from an acute attack of rheumatism.

Of course, I had careful medical attendance, but while convalescing my own physician himself ordered me to take Swamp Root to build up my nervous system, and put my kidneys in shape. It helped me more than any curative or tonic I ever used and now I always keep it in my medicine chest. With best wishes for sufferers,

Theodows Wantly of Ditaled manager #81 Men Street

How to Find Out if You Need Swamp-Root.

It used to be considered that only uriary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the bloodthat is their work.

So when your kidneys are weak or out of order you can understand how quickly your entire body is affected, and how every organ seems to fall to do its duty.

If you are sick or "feel badly," begin taking the famous new discovery, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health.

Disordered kidneys are responsible for more sickness and suffering than any other disease. Kidney trouble irritates the nerves, makes you dizzy, restless, sleepless, and irritable. Makes you pass water often during the day and obliges you to get up many times during the night. Causes rheumatism and neuralgia, pain or dull ache in the back, joints, and muscles, causes indigestion, stomach and liver trouble; you get a sallow, yellow complexon; makes you feel as though you had heart trouble; you have plenty of ambitton, but no strength, get weak, and waste

The cure for these troubles is Dr. Kilmer's Swamp-Root, the world-famous kidney remedy

In taking Swamp-Root you afford natural belp to nature, for Swamp-Root is the most perfect bealer and gentle aid to the kidreys that is known to medical science.

If there is any doubt in your mind as to our condition, take from your urine or rising about four ounces, place It in a glass or bottle, and let it stand twenty-four urs. If on examination, it is milky or cloudy, if there is a brick-dust settling, or if small particles float about in it, your kidneys are in need of immediate atten-

Swamp-Root is pleasant to take, and is sed in the leading hospitals, recommended by skillful physicians in their private practice, and is taken by doctors themselves who have kidney ailments, because they recognize in it the greatest and most succesaful remedy for kidney, liver, and blad-

To prove its wonderful efficacy, send your same and address to Dr. Kilmer & Co., Binghamton, N. Y., mentioning that you read this generous offer in the Washington Evening Times, when you will receive imnediately by mail, free of all charge, a sample bottle of Swamp-Root and a painphlet of valuable information pertaining to kloney and bladder discuses. This book contains many of the thousands upon thoucontains that to the term received from men and women cured. Swamp-Root is no remarkably successful that those of our readers who have not already tried it are being the contained to the contai advised to write for a free sample bottle and to be sure and state that they read this generous offer in the Washington Evening Times.

if you are already convinced that Swamp-Root is what you need, you can purchase the regular 58-cent and \$1 size bottles at

EDITORIAL NOTE-We are pleased to state that a special arrangement has been made by which all readers of our paper may have a sample bottle of the Great Kidney Remedy, Swamp-Root, sent absolutely free by mail. Be sure and mention reading this generous offer in the Washington Sunday Times when sending your address to Dr. Kilmer & Co., Binghamton, N. V.
